

Sajad Jalilian

Python Backend Developer

+98 9375515339

sajadjalilian88@gmail.com

sajadjalilian.github.io

Date of birth : 1988/04/14 (1367/01/25)

Marital status : Married

Military service status : Exempt

About Me

I'm Sajad, an old time geek! I changed my whole life to pursue my love for Programming. I Try to write code for humans, machines eventually will understand it anyway! I love creating web applications and I believe in minimalism in life and code. Less is better...

Skills & Endorsements

Python - Django - Django Rest Framework - Flask

RESTful - SQL - Git - Jinja - GNU/Linux - AGILE methodology

Projects

Django blog : Blogging CMS with Django and Django REST Framework API
